CLEARLAKE OAKS COUNTY WATER DISTRICT

NOTICE OF A REGULAR MEETING OF THE BOARD OF DIRECTORS

Date: February 20, 2025 Time: 2:00 P.M.

Clearlake Oaks County Water District - Administration Building 12952 E. Highway 20, Clearlake Oaks, CA 95423

AGENDA

A. CALL TO ORDER

- Pledge of Allegiance
- Roll Call

Mr. Stanley Archacki, President
 Mr. Michael Herman, Vice President
 Mr. James Burton, Director
 Mr. William McHugh, Director
 Mr. A. Whittier, Director
 Mrs. Dianna Mann – General Manager,
 Mrs. Olivia Mann – Board Secretary

🗆 Mr. Francisco Castro, Wastewater 🗆 Mr. Kurt Jensen, Water, 🗆 Mr. Jesse Seth, Operations Manager

B. PUBLIC COMMENT ON ITEMS NOT ON THE AGENDA

The public may comment on items not on the agenda within the Board's jurisdiction. Speakers are limited to three (3) minutes each.

C. STAFF REPORTS (Page 3)

- 1. Administration
- 2. Operations Manager
- 3. Chief Water Plant Operator
- 4. Chief Wastewater Plant Operator
- 5. General Manager

D. <u>COMMITTEE UPDATES</u>

- 1. Offsite Effluent Storage
- 2. Administration Code
- 3. Fire Protection

E. <u>CONSENT ITEMS</u> (Page 11)

The Board will be asked to approve all Consent Items at one time without discussion. If any Director, staff, or interested person requests that an item be removed from the Consent Items, it will be considered under New Business.

1. Financial Reports for review and approval

- a. January 2025 QB balance sheet and profit & loss statements
- b. Bank account balances and accounts receivable
- c. Employee payroll report
- d. Aged trial balance summary

e. Vendor aging report, accounts payable breakdown

2. Minutes of the previous meeting for review and approval (Page 38)

- a. Minutes of Regular Meeting 01/16/2025
- 3. Bills (Page 40)
 - a. CUSI Invoice # INVC-11348 in the amount of 8,724.00, for hosting services from 02/01/2025-07/31/2025

Action Taken:

F. <u>NEW BUSINESS</u>

1. Discussion and appointment of an Ad Hoc Committee for the 2025-2026 Annual Budget

Action Taken:

2. Discussion and approval of transferring \$100,000.00 from Water Reserves to General Ledger

Action Taken: _____

3. Discussion and approval of the Annual Audit for the Year Ending 06/30/2024 (Page 41)

Action Taken:	

ADJOURNMENT Time: _____

Where appropriate or deemed necessary, the Board may act on any item listed on the agenda, including items listed as information items. Public documents relating to any open session item listed on this agenda that are distributed to all or a majority of the members of the Board of Directors less than 72 hours before the meeting are available for public inspection in the customer service area of the District's Administrative Office at the above address.

The public may address the Board concerning an agenda item during the Board's consideration of that agenda item. The President will call for comments at the appropriate time. Comments of individual speakers are limited to three minutes per agenda item.

In compliance with the Americans with Disabilities Act, if you have a disability, and you need a disability-related modification or accommodation to participate in this meeting, then please contact Clearlake Oaks County Water District Secretary to the Board at 707-998-3322. Requests must be made as early as possible, and at least one full business day before the start of the meeting.

February 13, 2025

Administration

- > We received no water quality complaints (WQC).
- > No consumer/appeal claims have been submitted.
- > Currently, there are 13 accounts on payment arrangements.
- The 2024 Backflow season has concluded; however, we will resume in April. New applications for testers and updated customer letters will be provided.
- UB4 is in its final stages, and we'll be selecting a training date soon. Bailey and I are reformatting some forms to align better with our Water & Sewer Code.
- The Admin Code has now expanded to 48 pages. I plan to send it to Legal for revisions soon, and then to the Ad Hoc.
 - In reviewing the code, I identified items that should be added to the Employee Handbook instead. These changes will be made next month.
- Please join me in welcoming Don Whittier, our newest Director! Don has been provided with various documents to get up to speed, and his email account has been set up.
- We've partnered with JPIA for the renewal of our Defensive Driver course, which will be held at our office on March 13th.
- Our IT support, VC3, officially launches on February 19th! We've identified a few items to bring to their attention and are hopeful for a smooth transition thereafter.

No major news to report, but this update covers everything since the last submission. Admin operations are running smoothly, both day-to-day and project-wise. As always, feel free to reach out if you have any questions.

Olivia Mann

Olivia Mann Administrative Services Manager Board Secretary

February 13, 2025

RE: DC board letter,

Water distribution main, service lines and tank sites:

- We had 13 service line & leak repairs, we also replaced a 1" service line running across Keys Blvd.
- Due to PGE planned outages we have been keeping generators on affected lift stations and Tank sites.
- DC crew has had multiple requests for Pressure checks due to the colder temperatures freezing water lines and affecting PRVs.

New 1" Service line

Service line leak on Widgeon Way

Sewer collections and Lift station sites:

- James and Jesse replaced a failing float at Lift station 6 and replaced some of the old wiring.
- DC Crew pumped grease from all affected lift stations, and continue to add degreasing enzymes to help with grease buildup
- Chris and mike have continued working on landscaping and cleaning all the lift station sites including cleaning HVAC units at the plants and lift stations.

Stanley Archacki President Michael Herman Vice President James Burton Director William McHugh Director A. Donald Whittier Director • DC Crew Has had multiple sewer Laterals jetted with the Vaccon.

Sample station sites/Boil Water Notices, "BWN":

- DC crew is still collecting the routine BacT samples every Wednesday. All routine sample reports have come back absent for total Coliforms and E.Coli.
- DC crew has been flushing every Wednesday at Paradise to help keep the residual CL2 at optimum levels.

DC staff updating:

- Jeremy Chief OP 3, Class B license.
- Jesse Lead OP 3, Class B license, Emergency response coordinator.
- Heaven DC OP 2, Class B License, Safety coordinator.
- Chris DC OP 2.
- Mike Utility Tech.

Staff training: The staff participated in safety meetings led by Heaven.

Jesse Seth Clearlake Oaks County Water District Operations Manager, Lead Operator. 5

February 13, 2025

January 2025 Board Letter

- January February raw water NTU from the pier intake is stable averaging 3-8. Ph running in the range of 7.6 − 8.0. Currently running off the West pier intake and filter 1.
- As of 2-11-25 the lake level is at 7.96, rising 2.01 ft in the last month due to the heavy rainstorm we had. The lake is also .49 ft higher than last year at this time
- Water production for the month of January was 16.008 MG down from 2024 production of 18.579 MG. Raw water intake was 18.277 MG. The daily production average dropped from 527,000 GPD in December to 518,000 GPD for January.
- We are having plant shutdowns with increasing frequency due to decreasing water demands.
- Treatment has been able to do the weekly tank runs for testing of chlorine residuals in all the tank locations.
- Continuing maintenance / cleanup through the plant area.
- Paradise tank has been recoated and is able to be refilled. Filling had begun and a leak on the man way had been discovered. It will need to be removed, surfaces inspected, resealed and reinstalled.
- Large sampling was conducted in December. All results for these samples are reported, except for the Simazine retest (due to lab error) the sample is in process. See the attached list of newer samples.

Treatment staff:

James Simons T4, D2 Operator Class B License Kurt Jensen T3, D2 Chief Class B License Helping treatment also Jesse Seth T2 D3 operator

Thank you, Kurt Jensen

William McHugh Director

February 13, 2025

RE: January Board Letter

FLOWS FOR THE MONTH/CLEARLAKE LAKE LEVEL:

- **♦ INFLUENT:** 15.914 MG (AVERAGE: 513,000 GPD)
- **♦ EFFLUENT:** 13.983 MG (AVERAGE: 451,000 GPD/313 GPM)
- ✤ CLEARLAKE AVERAGE LEVEL: 6.00' RUMSEY GAUGE

The month of January was a month of higher inflow into the plant as noted on the above data. This is due to the rise in Clearlake. This will continue as the wet weather shows its face. This brings up the importance of preparing for the high flows that at times the plant cannot handle, which in turn modifications on how sewage is handled at the plant is put into action. The process has been well. Algae effects are beginning to minimize. All testing results in lab and outsourced comply. All annual reports have been submitted to the water control board as required as well.

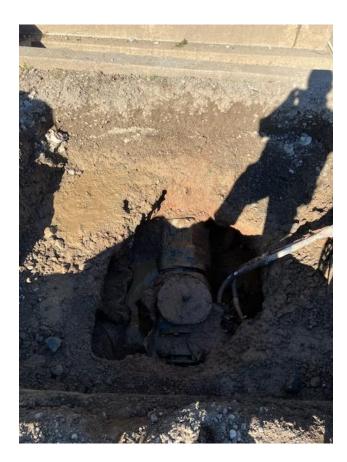

On January 10, 2025, installation of new day tanks was completed (pic. 1). Two 100-gallon day tanks were replaced due to age. Currently the day tanks are working well. On January 16, 2025, Case Construction Company was out at the waste plant digging up the plug valve that has gone bad (pic.2). Due to the nature of the pad that was poured it was necessary for an excavator with a concrete attachment to be used to begin the digging process. The plug valve was assessed (pic.3) and confirmed it was not good. Auma has come back with a report regarding the failsafe unit, and it was determined there is no damage to it. As suspected, the plug valve was the main cause of the failure. The plug valve has been ordered and Auma will be contacting the district regarding the return of the Auma valve. I will continue to report on this matter as when and the process of the installation. Thanks are extended to the board and management for the support.

Francisco Castro CPO Wastewater Plant

#### December 10, 2024

Clearlake Oaks County Water District

Clearlake Oaks, CA

#### **INDEPENDENT AUDITOR'S REPORT**

#### Opinions

We have audited the accompanying financial statements of Clearlake Oaks County Water District as of and for the year-ended June 30, 2024, as listed in the Table of Contents. In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Clearlake Oaks County Water District as of and June 30, 2024, and the respective changes in financial position, and cash flows where applicable for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America applicable to financial audits contained in Governmental Auditing(GAGAS) Standards issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Responsibilities of Management for the Financial Statements**

The District's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAGAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are

**PnPCPA** 

# _____44____

# Pehling's

considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAGAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

## **Other Matters**

The District has not presented Management's Discussion and Analysis or budgetary comparison information that accounting principles generally accepted in the United States of America require be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context.

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated **December 10**, **2024**, on our consideration of the Clearlake Oaks County Water District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The accompanying notes to the financial statements are an integral part of this statement.

# NOTES TO FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

# NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Clearlake Oaks County Water District (the District) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below.

# A. Description of the Reporting Entity

The District was established in 1960, under the California State Government Code. The District currently provides water and sewer services throughout the un-incorporated area of the Clearlake Oaks Community in Lake County.

The District is a governed entity administered by a Board of Directors (Board) that acts as the authoritative and legislative body of the entity. The Board is comprised of five board members who are elected by voters living within the District's boundaries. Elections are held within the Board to appoint the President. The President's responsibilities are to preside at all meetings of the Board; be the chief officer of the District; perform all duties commonly incident to the position of presiding officer of a board, commission, or business organization; and exercise supervision over the business of the District, its officers, and its employees.

The accompanying general-purpose financial statements comply with the provisions of GASB Statement No. 14, *"The Financial Reporting Entity,"* in that the financial statements include all organizations, activities, and functions that comprise the District. Component units are legally separate entities for which the District (the primary entity) is financially accountable. Financial accountability is defined as the ability to appoint a voting majority of the organization's governing body and either (1) the District's ability to impose its will over the organization or (2) the potential that the organization will provide a financial benefit to, or impose a financial burden on, the District. Using these criteria, the District has no component units.

## **B. Basis of Accounting/Measurement Focus**

The accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, revenues, expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

## **C. Government-Wide Financial Statements**

The District Government-Wide Financial Statements include a Statement of Net Position and a Statement of Revenues, Expenses and Changes in Net Position. These statements present summaries of Governmental and Business-Type Activities for the District accompanied by a total column. These statements are presented on an "economic resources" measurement focus and the accrual basis of

# NOTES TO FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

accounting. Accordingly, all of the District's assets and liabilities, including capital assets as well as infrastructure assets and long-term liabilities, are included in the accompanying Statement of Net Position. The Statement of Revenues, Expenses and Changes presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred. The types of transactions reported as operating revenues for the District are reported as charges for services.

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, payables and receivables. All internal balances in the Statement of Net Position have been eliminated except those representing balances between the governmental activities and the business-type activities, which are presented as internal balances and eliminated in the total primary government column.

Operating revenues include (1) charges paid by the recipients of services offered by the program and (2) grants and contributions that are restricted to meeting the operational or capital requirements if a particular program. Revenues that are not classified as program revenues, including taxes are presented instead as non-operating revenues.

Enterprise Funds – The enterprises funds are used to account for all the financial resources of the District. The enterprise net assets is available to the District for any purpose, provided it is expended or transferred according to the general laws of California and the bylaws of the District. The District maintains separate funds for Water, and Sewer.

*Exchange and Non-Exchange Transactions of Revenues* – Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. Non-exchange transactions, in which the District receives value without directly giving value in return, include taxes and donations. Revenues are recognized when susceptible to accrual, when they become both measurable and available. Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The District considers property taxes as available if they are collected within 60 days after year-end. The assessor of the County determines the assessed valuations of such property and the tax collector of the County collects the taxes. On an accrual basis, revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specific purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis.

*Expenses* - On an accrual basis of accounting, expenses are recognized at the time they are incurred.

## D. Funds on Deposit, County and Bank

The District maintains its cash in a pool managed by the County Treasury. The County Treasury, in turn, invests its cash with the State of California in the local agency investment fund as well as other banking institutions. The District does not own any specific identifiable investments in the pool. The risk of loss is minimal.

# NOTES TO FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

As of, the primary government had the following investments:

<u> </u>	air Value	<u>Rating</u>	Rating Agency
Cash in County Treasury	71,722	Unrated	NA
Cash in Local Bank	204,713	FDIC ins.	NA
LAIF Restricted Short Lived Asset	47,017	Unrated	NA
LAIF Restricted Short Lived Asset	29,796	Unrated	NA
Restricted USDA reserve	332,700	FDIC ins.	NA
Cash in LAIF	986,734	Unrated	NA
Petty Cash	\$307		
Total Cash	1,249,252		

Interest rate risk. - The District does not currently have a policy regarding interest rate risk.

Credit risk. - The District does not have a formal policy regarding credit risk

*Custodial credit risk.* -The District's investment in the State and County Treasurer's investment pools represents a proportionate interest in the pool's portfolio; however, the District's portion is not identified with specific investments and is not subject to custodial credit risk. Cash in local bank is covered by federal depository insurance.

*Concentration of credit risk.* - The District does not have a policy for concentration of credit risk.

## E. Accounts Receivable

Accounts receivable are recorded at their gross value, where appropriate are reduced by the portion that is considered uncollectable. Accounts receivable consists primarily of service fees that have been billed but not paid as of year-end. Management believes its receivables to be fully collectable due to the ability to place a tax lien against property for unpaid receivables and, accordingly no allowance for doubtful accounts is necessary.

## F. Prepaid Expenses

Certain payments to vendors reflect costs applicable to future accounting periods are recorded as prepaid items.

#### G. Fixed Assets

Capital assets, which include property, plant, and equipment, infrastructure assets and intangible are reported in the applicable governmental -type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an estimated useful life in excess of one year. Property, plant and equipment purchased or acquired is carried at historical cost or estimated historical cost. Donated or contributed capital assets are recorded at their estimated fair value on the date received. The current capitalization threshold is \$5,000 for an individual item.

# NOTES TO FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

The costs of normal maintenance and repairs are charged to operations as incurred. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable.

#### H. Accounts Payable

On an accrual basis, expenses are recognized in the fiscal year in which the goods or services are received. Payables are liabilities of the District based upon current year charges for goods or services received but not paid in the current year.

#### I. Accrued Expenses

The District's employees accrue PTO after 90 days of employment at varying levels depending on years of service. Employees are allowed to accumulate up to 320 hours of PTO hours. Any accumulated PTO leave is paid-out to employees at their most recent rate of pay upon termination. The District records a liability for compensated absences based upon total PTO and CTO.

## K. Property Tax Revenue

The County, through the Auditor-Controller's Office and the Treasury-Tax Collector, is responsible for collecting and distributing property taxes according to the alternative method of distributing known as the Teeter Plan. Under the Teeter Plan, the current year's secured property tax levy is distributed to participating agencies with the County without consideration of whether the tax has been collected.

## L. Net Position

The District's net position represents the difference between its assets and liabilities in the statement of net position. Net position is reported as restricted when there are legal limitations imposed on their use by their source. Portions of the unreserved net position or fund balance may be designated to indicate tentative plans for financial resources utilization in a future period, such as for general contingencies,

# NOTES TO FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

purchase of capital assets, or debt service. Such plans or intent are subject to change and may never be legally authorized or result in expenditures.

	Water	Sewer
Net Position 6/30/23	<u>\$6,334,541</u>	<u>\$11,297,659</u>
Net Change in Net Position	756,387	(461,132)
Net Position 6/30/23	<u>\$7,090,928</u>	\$ <u>10,836,524</u>

#### M. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

#### **NOTE 2: RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; damage to, and theft or destruction of assets; errors and omissions; injuries to employees; and natural disasters. During 2024, the District contracted with private insurance agencies for liability, property, crime damage, and employee and director insurances.

#### **NOTE 3: DEFINED BENEFIT PENSION PLAN**

The District entered into the Public Employees Retirement System (PERS). Qualified employees are covered under a multiple-employer defined benefit pension plan maintained by an agency of the State of California. Employees are members of the Public Employees' Retirement System.

Plan Description: The District contributes to the PERS, an agent multiple- employer public employee defined benefit plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments, to plan members and beneficiaries. PERS acts as a common investment and administrative agent for participating public entities within the State of California. Benefit provisions and all other requirements are established by state statute and district ordinance. Copies of PERS' annual financial report may be obtained from their Executive Office, 400 P Street, Sacramento, CA 95814.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the PERS and additions to/deductions from PERS' fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### **Summary of Significant Accounting Policies**

56

# NOTES TO FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

For Purposes of Measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported by the CalPERS Financial Office. For this Purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value. CalPERS audited financial statements are publicly available reports that can be obtained at CalPERS' website under Forms and Publications.

GASB 68 requires that the reported results must pertain to liability and asset information within certain defined timeframes. For this report the following timeframes are used.

Validation Date (VD)	June 30, 2022
Measurement Date (MD)	June 30, 2023
Measurement Period (MP)	July 1, 2022 to June 30, 2023

#### **General Information about the Pension Plan**

## Plan Description, Benefits Provided and Employees Covered

The Plan is a cost-sharing multiple employer defined benefit pension plan administered by the California Public Employees' Retirement System (CalPERS). A full description of the pension plan benefit provisions, assumptions for funding purposes but not accounting purposes, and membership information is listed in the June 30, actuarial valuation report. This report is a publicly available valuation report that can be obtained at CalPERS' website under Forms and Publications.

## **Contribution Description**

Section 20814(c) of the California Public Employees' Retirement Law (PERL) requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through the CalPERS' annual actuarial valuation process. For Public agency cost-sharing plans covered by either the Miscellaneous, the Plan's actuarially determined rate is based on the estimated amount necessary to pay the Plan's allocated share of the risk pool's costs of benefits earned by the employees during the year, and any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees Actuarial Methods and Assumptions Used to determine Total Pension Liability

For the measurement period ending June 30, 2021 (the measurement date), the total pension liability was determined by rolling forward the June 30, 2021 total pension liability. The June 30, 2022 total pension liability were based on the following actuarial methods and assumptions:

#### NOTES TO FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024 Employer Rate Plans in the Miscellaneous Risk Pool

Employer rate plan	Miscellaneous	PEPRA Misc.
Hire Date	Prior to January 01, 2013	On or after January 01, 2013
Benefit formula	2.0% @ 55	2.0% @ 62
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	Monthly for life	Monthly for life
Retirement age	50	52
Monthly benefits, as of % of eligible compensation	1.426% to 2.418%	1.0% to 2.5%

#### Actuarial Methods and Assumptions

The collective total pension liability for the June 30, 2022 measurement period was determined by an actuarial valuation as of June 30, 2021, with update procedures used to roll forward the total pension liability to June 30, 2022. The collective total pension liability was based on the following assumptions:

Investment rate of return	6.90%
Inflation	2.30%
Salary increases	Varies by Entry Age and Service
Mortality rate table ¹	Derived using CalPERS' Membership Data for all Funds
Post-retirement benefit increase	Contract COLA up to 2.30% until Purchasing Power
	Protection Allowance Floor on Purchasing Power applies

¹The mortality table was developed based on CalPERS-specific data. The rates incorporate Generational Mortality to capture ongoing mortality improvement using 80% of Scale MP 2020 published by the Society of Actuaries. For more details, please refer to the 2021 experience study report that can be found on the CalPERS website.

#### **Discount Rate**

The long-term expected rate of return on pension plan investments was determined using a building -block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, staff took into account both short-term and longterm market return expectations as well as the expected pension fund cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits

# NOTES TO FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

Pension Plan Fiduciary Net Position

The plan fiduciary net position disclosed in your GASB 68 accounting valuation report may differ from the plan assets reported in your funding actuarial valuation report due to several reasons. First, for the accounting valuations, CalPERS must keep items such as deficiency reserves, fiduciary self-insurance and OPEB expense included in fiduciary net position. These amounts are excluded for rate setting purposes in your funding actuarial valuation, differences may result from early CAFR closing and final reconciled reserves.

The following table shows the Plan's proportionate share of the risk pool collective net pension liability over the measurement period.

The first amortized amounts are recognized in pension expense for the year gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to pension and are to be recognized in future pension expense.

···· • ···· • · · · · · · · · · · · · ·	spending off the source of the gain of lossi
Difference between projected and actual earnings	5 year straight-line amortization
All other amounts	Straight-line amortization over the average expected remaining service lives of all members that are provided with benefits (active, inactive and retired) as of the beginning of the measurement period

The amortization period differs depending on the source of the gain or loss:

59

# NOTES TO FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

The employer should amortize deferred outflows and deferred inflows of resources relating to Differences between Expected and Actual Experience, Changes of Assumptions, and employer-specific amounts over the EARSL of members provided with pensions through the **Plan**. The EARSL for PERF C for the June 30, 2018, measurement date is 3.8 years.

CalPERS derived the EARSL by dividing the total service years of 516,147 (the sum of remaining service lifetimes of all active employees) by 135,474 (the total number of participants: active, inactive, and retired) in PERF C. Inactive employees and retirees have remaining service lifetimes equal to zero. The basis of total future service is the members' probability of decrementing due to an event other than receiving a cash refund.

	Deferred Outflows of	Deferred Inflows of
	Resources	Resources
Changes of Assumptions	77,731	-
Differences between Expected and Actual Experience	55,568	-

#### NOTE 3: USE OF RESTRICTED/UNRESTRICTED NET POSITION

When an expense is incurred for purposes for which both restricted and unrestricted net position is available, the District's policy is to apply restricted net position first.

#### **NOTE 4: COMPARATIVE DATA AND RECLASSIFICATIONS**

Comparative data for the prior year have been presented in certain sections of the accompanying financial statements in order to provide an understanding of changes in the District's financial position and operations. Also, certain amounts presented in the prior year data have been reclassified in order to be

61

# NOTES TO FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

consistent with current year's presentation.

## NOTE 5 JOINT POWERS INSURANCE AUTHORITY

The District participates in a joint venture under a joint agreement (JPA) with the Association of California Water Agencies (ACWA). The relationship between the District and the JPA is such that is not a component unit of the District and the JPA is not a component unit of the District for financial reporting purposes.

The JPA'S purpose is to jointly fund and develop programs to provide comprehensive and economical funding of property, workers compensation and employers liability coverage's for bodily injury by accident or by disease, including resulting from death, arising out of and in the course of an employee's employment with the District. This program is provided through collective self-insurance; the purchase of insurance benefit's; or a combination thereof. Copies of ACWA annual financial reports may be obtained from their executive office at 25620 Birdcage Street, Suite 200, Citrus Heights, CA.

#### **NOTE 6: CONTIGENCIES**

As of June 30, 2024, the District has entered into a contract with T&S construction for the construction of water improvements. T

#### NOTE 7: DATE OF MANAGEMENT'S REVIEW

Subsequent events have been evaluated through **December 10, 2024**, which is the date the financial statements were available to be issued.

Board of Directors Clearlake Oaks County Water District

Clearlake Oaks, CA

# INDEPENDENT REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

We have audited the financial statements of Clearlake Oaks County Water District as of and for the year ended June 30, 2024, and have issued our report thereon dated **December 10, 2024**. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### Internal Control Over Financial Reporting

Management of Clearlake Oaks County Water District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered Clearlake Oaks County Water District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Clearlake Oaks County Water District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over financial reporting.

Our consideration of the internal controls over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal controls such there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

A significant deficiency in internal control is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

**PnPCPA** 

Pehling's

# INDEPENDENT REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (continued)

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether Clearlake Oaks County Water District's general-purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the audit committee, management, others within the organization, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

PNPCPA
